“Software Developer with 2+ years of experience in Next.js, React.js, React Query, Zustand, JavaScript, TypeScript, and Shopify Liquid. I build responsive, SEO-friendly, and scalable web applications with a strong focus on performance and clean frontend architecture.”

## EXPERIENCE

Hashtago.in

Durgapur, West Bengal

**Senior Web Developer**

Feb 2024 – May 2025

- Worked on 30+ responsive web projects using React JS, JavaScript, Tailwind CSS, HTML, and CSS.
- Led frontend development, ensuring clean code, React best practices, and timely feature delivery.

**Innovative Cursor**

**Remote**

**Software Developer – I (SDE-I)**

June 2025 – Present

- Designed and developed scalable, responsive web applications using Next.js, React, Zustand, Javascript, Typescript.
- Took ownership of feature development, bug fixing, and performance improvements across multiple modules.
- Adapted to daily technical challenges by learning and implementing new tools, frameworks, and workflows

## PROJECTS

kloudpx.com (Pharmacy E-commerce Platform)

- Built a multi-portal frontend for Admin, Pharmacist, and User roles with role-based UI rendering, protected routes, and secure access control.
- Implemented complete user journeys including medicine browsing, cart, prescription upload, checkout, and real-time order and delivery status tracking with robust validation and error handling.
- Built a responsive, SEO-friendly UI using modern React / Next.js patterns with smooth cross-device performance.

Heera.one (Jewelry E-commerce | Shopify Liquid)

- Built the complete jewelry e-commerce storefront from scratch using Shopify Liquid, HTML, CSS, and JavaScript.
- Developed responsive product, collection, and cart flows with dynamic Liquid logic, ensuring a polished and premium user experience.

- 

aliscakesandbakes.in (Freelance)

- Developed a complete cake e-commerce website with admin-controlled product management, order handling, and payment configuration
- Implemented secure online payment flow, smooth checkout experience, and responsive UI optimized for all devices.
- Applied on-page SEO best practices and performance optimization to improve search visibility and overall site speed.
